International School

SAFETY AND SECURITY

At JBCN International School, we firmly believe that a safe and secure environment is an essential prerequisite to ensuring our learners make the most of their learning journey. This includes not just their physical safety but also their emotional well-being.

SOME OF THE MEASURES WE UNDERTAKE ARE:

1. All spaces within the school and our school buses are equipped with CCTV cameras, and a dedicated vigilance team carries out surveillance.
2. All floors have smoke alarms, sprinklers and fire fighting equipment. Buses are also equipped with fire extinguishers, and Fire Drills are conducted each quarter to ensure that all school community members are familiar with the procedure and will respond effectively and safely to an emergency situation in the school.
3. Our Visitor Authentication System ensures that all visitors entering the premises are validated and have pre-assigned appointments before gaining entry.
4. Parents and caretakers must present their parent/ caretaker ID card to enter the school.
5. Our Learner Information System ensures that only a parent can securely access and update information for her/ his child.
6. Regular workshops and sessions with our faculty are carefully integrated into the curriculum to ensure the emotional well-being of all our children and to deal with issues such as bullying, use of technology, etc.
7. Our bus fleet undergoes daily checks, as well as a weekly in-depth check to ensure the safety of all our learners.

8. The food is personally tasted by all members of the Senior Management Team at the school before it is served to learners.
 9. A team of professional and trained security guards, comprising female and male members, are on the premises 24x7 throughout the year to ensure a safe and secure environment.
 10. All staff are required to complete necessary formalities and undergo police verification before commencing their responsibilities at the school.
 11. All staff undergo mandatory training and workshops which equip them with the knowledge to recognise and report any incidents of abuse.
 12. An on-campus infirmary, equipped with a trained nurse and all first aid equipment, ensures that any medical emergencies can be suitably handled. We have a partnership with Max Healthcare – Nanavati to support this facility.
 13. Max Healthcare – Nanavati collaborates with the school teams to conduct an annual medical check-up for all learners on campus.
 14. All key staff members undergo regular training in First Aid and CPR.
 15. Our Housekeeping and Maintenance Teams ensure that all spaces are routinely checked and any repairs or renovations are carried out immediately.
